Overview

Junior Achievement programs offer a multidisciplinary approach that connects learning across social studies disciplines, such as economics, geography, history, government, and civics, while incorporating mathematical concepts and reasoning and language arts skills. By design, JA Programs incorporate grade level reading, speaking, and listening skills in all programs and many programs at the High School grade level also offer opportunities to do research, use technology for writing and responding, and practice presentation skills, all while supporting the JA Pillars of Financial Literacy, Work and Career Readiness and Entrepreneurship.

In this document, Junior Achievement programs are correlated to New Jersey Academic Standards for Social Studies, Career Readiness, Life Literacies, Key Skills, and CTE. This list is not meant to be exhaustive or intended to suggest that a JA program will completely address any given standard but is designed to show how it can enhance or complement efforts to do so. The flexibility of the programs and supplementary materials allow specific content or skills to be addressed in depth by the teacher and/or business volunteer as needed. Alternate delivery methods, such as remote digital delivery and student self-guided options, cover the same learning objectives for social studies standards and the JA Pathway Competencies. However, the varied implementation models may cause slight variation in English Language Arts and Mathematics correlations.

High School Programs

[JA All About Cars™](#) allows students to consider their needs and wants for their first automobile.

[JA Be Entrepreneurial® \(modular\)](#) is a reimagined, modular program that teaches students about the mindset and the skills needed for success by aspiring entrepreneurs and innovators. In JA Creative Problem Solving, students learn and apply design thinking, an innovative process for problem solving used by entrepreneurs (and intrapreneurs).

[JA Career Exploration Fair®](#) is an event where students learn about a range of career options across multiple career clusters.

[JA Career Speaker Series®](#) brings a volunteer guest speaker into the classroom to share information about his or her career, work, and education experience.

[JA Career Success® Blended Model](#) introduces high school students to the workplace as interns of a fictional company, Orbit Boom. They participate in realistic work experiences in multiple departments and concentrate on soft skills and business best practices in the context of realistic scenarios and assignments through both digital and in-class implementation and optional self-guided modules.

[JA Company Program® 2.0](#) empowers high school students to fill a need or solve a problem in their community and teaches them practical skills required to conceptualize, capitalize, and manage their own business venture.

[JA Company Program® Pop Up](#) teaches students how to plan, launch, and operate their own business venture within a structured, guided experience. Throughout the start-up process, students collaborate, make crucial business decisions, practice communication skills, and develop entrepreneurial knowledge and skills. (Grades 6-12)

[JA Excellence Through Ethics®](#) affords **students** the opportunity to learn the importance of ethics and ethical decision-making and how ethical and unethical choices affect everyone in a community.

[JA High School Heroes®](#) provides leadership development opportunities to high school students who deliver JA programs in elementary schools.

[JA Inspire® Virtual](#) is more than a career fair, it brings together the business community and local schools and is designed to help launch students into their futures: high school, college, and careers beyond. Within the virtual experience, students attend webinars and presentations, explore career booths, and interact with career speakers. (Grades 9-12)

[JA It's My Job® \(Soft Skills\)](#) will help students understand the value of professional communication and soft skills, making them more employable to future employers across multiple career clusters.

[JA Job Shadow® Blended Model](#) is a comprehensive experience that helps students design an individualized career path. Supporting blended as well as self-guided activities, JA Job Shadow provides a design-thinking structure for career exploration.

[JA Launch Lesson®](#) is a point-of-entry program delivered by community entrepreneurs. Students gain firsthand knowledge about starting a business and the entrepreneurial journey.

[JA Personal Finance® 2.0](#) allows students to experience the interrelationship between today's financial decisions and future financial freedom.

[JA Take Stock in Your Future®](#) helps students discover the benefits and challenges of investing in the stock market as part of a broader, long-term investment strategy and the risks and rewards of trading.

[JA Titan®](#) introduces critical economics and management decisions through an interactive simulation.

[JA Titan® Blended Model](#) is a simulation-based program in which high school students compete as business CEOs in the phone industry, experiencing firsthand how an organization makes decisions.

JA All About Cars

Session Description	Social Studies Standards	Career Readiness, Life Literacies, Key Skills, and CTE	Common Core ELA
<p>Session One: All About Cars</p> <p>JA All About Cars introduces students to the essential costs related to buying and operating a first car and offers tips on being a smart consumer when purchasing a vehicle. In this volunteer-led session, students will consider their needs and wants to make a real-world connection to the car-buying experience to help motivate them to make good financial decisions when buying or leasing.</p> <p>Students will:</p> <ul style="list-style-type: none"> • Assess their driving needs • Prioritize the car features that best meet their needs • Compare the advantages of buying versus leasing a car • Identify a car that meets their driving needs 	<p>N/A</p>	<p>9.1.12.CDM.5: Identify the types of characteristics of predatory lending practices and the importance of collateral (e.g., payday loans, car title loans, high-risk mortgages).</p> <p>9.1.12.CDM.6: Compute and assess the accumulating effect of interest paid over time when using a variety of sources of credit. JA Be Entrepreneurial Creative Problem Solving

Session Description	Social Studies Standards	Career Readiness, Life Literacies, Key Skills, and CTE	Common Core ELA
<p>Session One: Identifying the Problem</p> <p>Students are oriented to problem/solution thinking practices and introduced to the Design Thinking process of creative problem solving. They explore the first step (Empathize) that teaches them to look at problems as human-centered, from the customer’s perspective.</p> <p>Students will:</p> <ul style="list-style-type: none"> Describe how brainstorming several ideas and then picking the best options will lead to creative problem solving. Describe the Design Thinking model and the steps involved in the process. Describe the advantages of applying the Design Thinking model to new ideas or problem solving. Describe the Empathize step in the Design Thinking model. Demonstrate how an empathy map can be used to identify a user’s needs. 	N/A	<p>9.4.12.CT.1: Identify problem-solving strategies used in the development of an innovative product or practice (e.g., 1.1.12acc.C1b, 2.2.12.PF.3).</p> <ul style="list-style-type: none"> 9.4.12.CT.2: Explain the potential benefits of collaborating to enhance critical thinking and problem solving (e.g., 1.3E.12profCR3.a). <p>9.4.12.CT.2: Explain the potential benefits of collaborating to enhance critical thinking and problem solving (e.g., 1.3E.12profCR3.a).</p>	<p>Grades 9–10 RI.2,4,8 W.4,7 SL.1,2,3,4,6 L.1,2,3,4,6</p> <p>Grades 11–12 RI.2,4,6 SL.1,2,3,4,6 L.1,2,3,4,6 W.4,7 RH.9-12 2,4,5,7,9 WhST 4,6,7,9</p>
<p>Session Two: Exploring Solutions</p> <p>Students focus on the second and third steps of the Design Thinking process (Define and Ideate). They summarize the root cause of the issue in a problem statement and then use brainstorming techniques to generate viable ideas as solutions.</p> <p>Students will:</p> <ul style="list-style-type: none"> Describe the Define step in the Design Thinking model.
